WHO'S WHO IN THE FURNITURE INDUSTRY

LARRY KAREL, KAREL EXPOSITIONS

Larry Karel has fashioned a career out of plying the industry's backroads and bringing buyers and sellers together at his drive-in furniture and accessory markets - a business he learned from his father. In his almost half a century with the company, Karel has put on shows in dozens of cities throughout the country. His current lineup stretches from coast to coast, and is

particularly strong on the East Coast, where his headquarters (in Florida) is located. New on the schedule for Karel Exposition Management, his trade show company, is a show in Houston, the nation's fourth largest city. Karel turned on a dime to get that show on his schedule for next year. With Houston, there are no problems for the energetic Larry Karel.
